New York Life Insurance Co.,

112 AND 114 BROADWAY.

THIS is one of the oldest institutions of the kind in America, having been chartered in 1841, and commenced business in May, 1845.

EVERY ONE SHOULD ENSURE.

While we live we may protect those dependent upon us; but when death severs the tie of all others most dear, it is a consolation to know that our prudence and foresight have made provision for the wants to which we can no longer minister; and the man who has the power, but neglects the opportunity, of providing in this way for the comfort and independence of his family, fails in the duty which he owes to them and himself. Therefore, let every one who has not obtained a policy of Insurance upon his life, no longer neglect this imperative duty. GREAT CARE SHOULD BE MANIFESTED IN THE SELECTION OF A COMPANY. The

NEW YORK LIFE INSURANCE CO.

Offers the following highly important essentials:

It is a strictly Mutual Company;
It has had Twenty Years' Business Experience;
It has large Accumulated Assets;
It gives Liberal Assistance in the Payment of Premiums;
Its Dividends are declared Annually;
It is prompt in the Payment of all Losses;

IN FACT,

Special care in the selection of its risks, strict economy, and a safe and judicious investment of its funds, emphatically characterize the management of this company.

Assets over

$4,500,000.

Annual Dividend, January 1, 1865.

50 Per Cent.

Total Amount Returned Premiums (Dividends) paid

$1,700,000.

Total Amount Claims by Death paid,

$3,500,000.

During its existence it has issued

Over 36,000 Policies.

TEN-YEAR NON-FORFEITING POLICIES.

The New York Life Insurance Company originated, and was the first to bring before the public, the Ten-Year Non-Forfeiting Plan, which has so fully commended itself to the judgment of thinking men that it has become the most popular mode of insurance, and is rapidly superceding the old method of lifelong payment. It has received THE UNQUALIFIED APPROVAL OF THE BEST BUSINESS MEN OF THE LAND, large numbers of whom have taken out policies under it as an investment.

TEN YEAR NON-FORFEITING PLAN.

A party ensuring by this table, after the second year, cannot forfeit any part of what has been paid in, and his policy becomes a source of income to him while living.

ANOTHER NEW FEATURE.

TEN YEAR NON-FORFEITURE ENDOWMENT POLICIES.

The New York Life Insurance Company have recently prepared A NEW TABLE, BY WHICH THE PREMIUMS CAN ALL BE PAID IN TEN YEARS AND THE NON-FORFEITURE BENEFIT ALSO SECURED. These policies are coming into general request. As a sure and profitable investment for one's declining years, they deserve the attention of all. A party ensuring by this table the amount is received by the assured himself, upon his attaining a specified age, while full provision is made for death occurring prior thereto.

Policies Issued on all the Usual Forms.

Travelers Insurance Co.,

OF HARTFORD, CONN.

Capital, - - $500,000.

Insures Against

ACCIDENTS,

OF EVERY DESCRIPTION,

CAUSING LOSS OF LIFE OR BODILY INJURY.

THE TRAVELERS INSURANCE COMPANY was organized, under a charter granted by the Connecticut Legislature of 1863, and amended by the Legislature of 1864, for the specific purpose of effecting INSURANCE AGAINST ACCIDENTS, of whatever kind or description, whether they occur in travelling by railroad, steamboat or stage-coach, walking in the street, at work in the shop, or sitting by the domestic fireside, whether riding, boating, hunting, fishing, shooting, swimming, cricketing, surveying, engineering, whether working, or playing, sleeping or waking, in danger or out of (apparent) danger, at home or abroad—in every variety of circumstances in which mankind are ordinarily placed.

A General Accident Policy not only includes the risk in travelling, but also all forms of dislocations, broken bones, ruptured tendons, sprains, concussions, crushings, bruises, cuts, stabs, gunshot wounds, poisoned wounds, burns and scalds, bites of dogs, unprovoked assaults by burglars, robbers or murderers—the action of lightning or sun stroke, the effects of explosions, chemicals, floods and earthquakes, suffocation by drowning or choking.

This company has now been for more than a year in successful operation; has issued over fifteen thousand policies, and paid numerous claims for compensation, has a directory of high character, and is managed with the prudence and sagacity which distinguish Hartford insurance companies; has an ample capital and large surplus, and its soundness and stability may be relied upon.

Washington News—Singular Conduct of a Fenian—One Week Later from Europe—Interesting Southern News.

NEW YORK, Jan. 12.

The Tribune's special Washington despatch says:

Gen. Spinner, United States Treasurer, has informed several Banking Company applicants for designation as depositories of Government bonds that it is policy of the Government not to establish any more depositories than the necessities of the Government demand, and when no actual necessity exists for the establishment of such depositories he must decline to authorize them.

Senator Wilson's bill for the reorganization of the regular army was formed upon a plan laid before the President and Secretary of War a few weeks since by General Grant.

Gen. Grant expresses the opinion that the necessity of maintaining a large military force in the Southern States no longer exists, and he believes that a material reduction in the number of our troops remaining there may still safely be made.

NEW YORK, Jan. 12.

The Herald's Georgetown Nicaragua correspondent states that on the trip of the steamer Moses Taylor from San Francisco to San Juan, with California passengers for this city, an Irishman came on deck with a revolver and declared he would shoot any man who was not a Fenian. Two Englishmen at once denied having any Fenian proclivities, and he shot them both. He was wounded himself in turn, and jumped overboard, but was rescued by the crew.

HOLMES HOLE,
via Wood's Hole, Jan. 12.

The schooner sunk near Cape Page is the Christiana, of Yarmouth, Me. The mate, Charles Tolman, of Oysterville, was taken off yesterday, with his feet and hands badly frozen. Capt. Leach and the rest of the crew were frozen to death. The bodies have been recovered.

NEW YORK, Jan. 12.

The steamship Scotia arrived up at 11:20. The news is scarce.

Fenian trials were again progressing at Cork. Another prisoner, James Mountain, had been acquitted.

Two regiments had been sent hastily from England to Dublin. One of them in garrison at Manchester, was aroused at three A. M., and conveyed to Liverpool, 1200 strong, early the same morning, and forthwith embarked for Dublin. Such energetic movements of course gave rise to rumors of serious danger.

Calcutta, Dec. 21. Exchange 23d. Freights 45s.

Rio Janeiro, Dec. 9.—Coffee 6800@8000c. Exchange 25½.

LATEST.

Liverpool, Dec. 30. La France denies that the French Minister at Washington threatened to leave there if the Federal government sent a Minister accredited to the Juarez Government.

The Board of Trade returns for November exhibit extraordinary increases in imports of £3,500,000 sterling, or 29 per cent. over November, 1864.

NEW ORLEANS, Jan. 10.

In the United States District Court the libel against Judge Bust's property has been dismissed and the property returned to him. He was the rebel agent to Spain.

The Mobile Advertiser of the 8th instant says—

Gen. Thomas has officially informed Gen. A lot of negroes on plantations on the Red river, rose in arms a few days ago, and tried to murder their overseers, but failed.—They then moved to another point, where they waited for reinforcements. On several plantations arms and ammunition were found secreted in considerable quantities. Previously the freedmen in that section refused to do any work. The military and militia in Caddo Parish are under arms.

Anecdote, Humor and Sentiment.

A SMART LAD. A lad from the country was recently taken into a gentleman's family. One evening, after having been called up into the drawing room, he came down into the kitchen laughing immoderately.—"What is the matter?" cried the cook. "Why," said he, "there are twelve on 'em up there, who could not snuff the candle, and they had to ring for I to do it."

A couple in Litchfield county, Conn., lately tried to get divorced after ten years of wedded life, but in the course of the trial it appeared that they had never been legally married, and they gave up the idea of a divorce and were married in due form!

An analyzing dame reports that "she had heard of but one old woman who kissed her cow, but she knows of many thousands of young ones who have kissed very great calves."

THE RIGHT OF WAY. In a case of appeal against a sentence giving $3000 damages to a person who was run over by a horse car in New York, Judge Morrell of the Superior Court, of that city, last week affirmed the judgment and order, and, in delivering the opinion of the Court, said:

"The proposition of the appellant's counsel, in its scope and meaning, comes to this: that a foot passenger has no right upon a public street as against a railroad corporation, and I regret to say that such seems to be, practically, the belief of drivers of most public conveyances, and of many private vehicles. There is often a reckless disregard of human limbs and life; and pedestrians are compelled, at the peril of broken bones or death itself, to keep out of the way. The right to travel upon a street or highway is common to all. They do not belong exclusively to the drivers of vehicles. Foot passengers have the right to walk upon them, and, except for the greater difficulty of guarding and arresting the progress of vehicles, it is, as matter of law, as much the duty of vehicles to keep out of the way of the foot passengers as it is for the latter to escape being run over by the former. The use of the streets of cities and villages, and of highways, for railroads, is allowed only because it is considered not to be a substantial interference with their free and unobstructed use as highways for passage. So long, therefore, as there is no interference with the public right of passage, railroads are lawful structures. But if operated upon the theory of exclusive right to their track, they become usurpers and wrong-doers. I make these observations that the practice of drivers, not of railroad cars only, but of omnibuses, carts, express wagons, &c., of disregarding the rights of foot passengers, may, if possible, be checked. In our overcrowded city, it is of vital importance that the greatest caution and care should be observed by the drivers of all kinds of vehicles. It is to the drivers we must look for a remedy for this great and growing danger."

ENORMOUS FLEECE. J. D. Patterson of Oregon, exhibited at the fair in that State, last fall, a splendid sheep, which was afterwards shorn of his wool. An Oregon paper says of the clip:—"Everybody at the State fair saw and everybody has heard of the three-years old fleece on the Patterson sheep exhibited at the State fair. The sheep was sheared last week at Albany, and the fleece weighed seventy-seven and one half pounds. This is more than twenty pounds heavier than Mr. Patterson expected; and we have heard several breeders here express the opinion that the fleece must have been four years old. From the Spanish and French buck sold to Mr. Payne there was clipped, at the same time, a fleece which weighed thirty-six pounds, being a fleece of sixteen months growth."

LOSS BY FAILURE OF APPLE BUYERS.—The Rochester (N. Y.) Union says:

"It may appear to some people as though we had exaggerated the losses to farmers in this vicinity by the failure of heavy buyers of apples last fall. But we have not, and the sum total grows day by day, as those who at first said nothing about their losses, hoping to get their pay, make their reports.—We are told on good authority that the farmers in the town of Greece, in this county, suffer to the amount of $100,000 and over. The blow reached all classes—the rich and the poor—the man who had a five hundred or a thousand barrel orchard, and the widow whose little all was comprised in fifteen or twenty barrels of the fruit."

Perhaps they will not sell their entire crops to forestallers next year.
